U.S. Funds Build Red Project

Auditor Fired
Who Found It

WASHINGTON (UPI) — House investigators were told today that U.S. foreign aid supplies were used to help build a multimillion dollar Russian foreign aid project in Cambodia.

The project was identified as a hospital in Phnom Penh, the capital city of the Southeast Asian country.

Passing By
Jerry M. Jackis, a former auditor for the U.S. foreign aid program told a House operations subcommittee he accidentally discovered the misuse of American aid supplies when he happened to take a closer look at the Russian project while passing by on July 9, 1958.

Jackis said he immediately reported the matter to his superiors but was "chewed out," given an unsatisfactory job performance rating and then shipped home three weeks later.

Jackis said he was assigned to odd jobs around the old International Cooperation Administration until he was fired in an agency shakeup last January.

Symbol Covered
Jackis testified that his chance inspection of the Russian hospital disclosed an American bulldozer breaking ground and large quantities of U.S. cement and asphalt.

He said the U.S. foreign aid symbol still was on them in some cases but was covered over in others.

Jackis said he was told by one of his superiors, Marlin Haas, that he had "no business" checking the Russian project and should not have written a formal report on his findings there.

"But I felt I had a moral duty—a moral responsibility—to report it," he said. "I think any American overseas would do the same thing."

Official records were presented at the hearing showing that Jackis had been promoted and praised earlier for uncovering millions of dollars in fraudulent uses of U.S. aid supplies in South Korea.

Jackis conceded that he had no definite orders to investigate the project—"I did this on my own."

FIERY CRASH of trucks at Desert Lily and Grapevine streets in Palm Desert at 8:45 a.m. today resulted in minor burn injuries to Wilson Siegel, Desert Hot Springs, driver of truck at left, and scratches to John Warren Nichols, Indio, driver of

NEWS in BRIEF

AGRA, India (UPI) — Mrs. Jacqueline Kennedy spent 40 golden minutes today in the beauty of the white-marbled Taj Mahal in the soft late afternoon sun.

The dark-haired first lady her bright green and turquoise dress a striking contrast against the sparkling walls, could not find words to express her emotions when she emerged.

ALGIERS (UPI) — "Six of you have been condemned to death by the OAS."

This was the voice of terror speaking in Algiers today. The words came from European extremists who invaded a Moslem quarter social center here and were addressed to the 18 men they found inside, who stood trembling lined up against a wall.

Then the Secret Army Organization terrorists marched the six, three Europeans and three Algerians, to the yard of the Chateau Royal headquarters of the social center's service area and lined them up against the wall.

WASHINGTON (UPI) — President Kennedy today signed the manpower training bill that he placed first among his proposals to Congress this year for bolstering the nation's economy.

The President's signature opened the way for the federal government to launch a three-year, \$435 million program this summer.

LOS ANGELES (UPI) — A threatened walkout by 2,700 bus and streetcar operators was averted Wednesday when Metropolitan Transit Authority MTA and Brotherhood of Railroad Trainmen (BRT) negotiators reached a new agreement just nine hours before the midnight strike deadline.

The strike could have crippled public transportation for commuters for four counties.

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara told Congress today he believes "we will win the struggle for South Vietnam."

The defense chief made the forecast as he appeared before the House foreign affairs subcommittee to support the \$1.5 billion military section of President Kennedy's new foreign aid bill.

PITTSBURGH (UPI) — Labor and management may be making progress in the newly resumed steel contract talks, but if so, they aren't telling anyone.

U.S. Asks Repeal Of Jungle Law

GENEVA (UPI) — The United States called today for "repeal of the law of the jungle" with a speedy 30 per cent reduction in world arms and nuclear delivery vehicles plus a global warning system to prevent war by surprise or accident.

The Russians countered with a draft treaty for general and complete disarmament—at first reading similar to the one they proposed two years ago. They remained as opposed as ever to the kind of controls the West demands.

Secretary of State Dean Rusk and Soviet Foreign Minister Andrei Gromyko presented the plans of their two countries at the opening of debate by the 17-nation disarmament conference.

The American plan called for U.S. and Soviet armed forces to be limited to the first stage to 2.1 million men. The Soviet plan provided for reducing U.S. and Soviet forces to 1.7 million in the first stage, and other nations' forces to fixed levels. Both plans called

for further troop reductions to a final point where each nation would retain only enough police-type forces to maintain internal order.

American officials said that, at first reading, the Soviet proposals appeared to contain nothing new. They said they appeared to be about the same as those Russia submitted in September, 1960, at the United Nations.

However, there was no immediate formal U.S. delegation reaction because officials wanted to check Gromyko's presentation more closely.

★★★
Lord Home Slaps Hard At Gromyko

GENEVA (UPI) — Lord Home, Britain's outspoken foreign secretary, used such strong language in his protest against Soviet harassment of Berlin air corridors that it amounted to an implied threat to leave Geneva, it was disclosed today.

A British delegation source said Home first protested to Foreign Minister Andrei Gromyko Sunday at a meeting with Secretary of State Dean Rusk and again Tuesday night when just the two of them met.

Home was incensed upon learning that the Communists had seeded the air with "chaff" to confuse Western radar screens.

Although the British delegation source could not confirm the exact wording, another source said Home told Gromyko he felt "like turning back to London."

Lord Home is known to be a man who does not hesitate to express himself directly without mincing words.

Gromyko, for his part, was reported not to have made any commitment to use his influence to stop the Soviet harassing tactics.

Thus there was no indication here whether Gromyko had anything to do with the sudden cancellation Wednesday night of four Soviet flights scheduled in the Berlin corridors at the same times as Western flights.

Other congressional news:
Aid: Defense Secretary Robert S. McNamara was to take his turn pushing President Kennedy's foreign aid proposals before the House Foreign Affairs Committee. McNamara was expected to spend most of his testimony seeking support for the \$1.5 billion military aid Kennedy requested.

Aid: Defense Secretary Robert S. McNamara was to take his turn pushing President Kennedy's foreign aid proposals before the House Foreign Affairs Committee. McNamara was expected to spend most of his testimony seeking support for the \$1.5 billion military aid Kennedy requested.

★★★
Fight Starts Over Reform Of Welfare

WASHINGTON (UPI) — The House today called up a bill to reform the welfare program. Republicans accused Democrats of making it an invitation for states to raid the federal treasury.

The \$325 million measure carries most of the requests President Kennedy asked to help the needy and get some of them on their feet.

The bill had general support except for two provisions. One of them costing \$40 million, would raise from 50 per cent to 75 per cent the federal share of the cost of certain welfare and counseling services. The other would shift from the states to the federal treasury \$140 million of the cost of the program.

Only one amendment was to be allowed, and Republicans hoped to use it to knock out both provisions, cutting \$180 million of the bill. They appeared to have little chance of success.

Other congressional news:
Aid: Defense Secretary Robert S. McNamara was to take his turn pushing President Kennedy's foreign aid proposals before the House Foreign Affairs Committee. McNamara was expected to spend most of his testimony seeking support for the \$1.5 billion military aid Kennedy requested.

PRESIDENT Kennedy is shown at his press conference as he called on Russia to halt what he called its "dangerous" interference in the Berlin air corridors while Geneva talks are in progress. (UPI Telephoto)

President Easing Toward Summit

WASHINGTON (UPI) — President Kennedy appeared today to be preparing the public for his participation in a summit meeting with Soviet Premier Nikita S. Khrushchev in the not too distant future.

Although the President claims his position is "constant," there has been a slow shift away from his stand that he would go to the summit only to avert war or give final approval to agreements worked out at lower diplomatic levels.

At his news conference Wednesday, Kennedy added a third condition: "I would go if I thought it was in our national interest."

"I do not intend to go," he added, "unless there is a situation developing which I believe would make such a trip fruitful and rewarding."

The President's chief Western partner in negotiating with Russia, British Prime Minister Harold Macmillan, is coming to this country next month. By the time he sees the President in late April, proceedings of the disarmament conference at Geneva should have indicated whether a summit would be, as Kennedy put it, fruitful and rewarding.

The 17-nation Geneva Conference met with the understanding that a progress report would be drafted before June 1. This has led to speculation about a possible summit conference in late May or early June.

Highway 111 Is 'Money Road' For Joe Graves

RANCHO MIRAGE — Highway 111 may not be paved with gold as many promoters claim with symbolic flair, but it turned out to be a "money road" for Joe Graves of Rancho Mirage this morning. Unfortunately, it was someone else's money.

Graves found a purse containing \$139 in cash right in the middle of the well-traveled highway between Cathedral City and Rancho Mirage.

According to identification in the purse, it belongs to Mrs. Josephine L. Aitken, 2733 Sheridan Blvd., Lincoln, Nebr.

UNANIMOUSLY ELECTED

McCulloch Classic Head

Robert P. McCulloch, president of Eldorado Country Club, has been unanimously elected president of the fourth annual Palm Springs Golf Classic.

Announcement was made today by Leonard K. Firestone, retiring president of the vote by the executive board and the board of directors of the Classic.

McCulloch, a long-time winter resident at Thunderbird Country Club, is president of the McCulloch Corporation and several subsidiary companies. He has been active in the development of golf on the desert, and was the key developer of Eldorado Country Club and properties.

Firestone, who served as president of the Classic for two years, will remain on the executive board for the fourth year of the \$100,000 tournament.

Kennedy Asks Aid Laws for Buying Public

WASHINGTON (UPI) — President Kennedy today proposed to protect the consumer's health and pocketbook in the purchase of food, drugs and cosmetics.

In a special message to Congress, Kennedy urged passage of bills to provide the government with a tight check on misleading advertising, packaging, sales and other practices aimed at bilking the buyer.

The presidential message is the first of its kind to deal entirely with the interests and needs of the consumer.

Kennedy also announced an executive order to give the consumer "whose views are not often heard" in Washington, a voice in government.

Fulfills Campaign Promise
Fulfilling a campaign promise, he directed the creation of a consumer's advisory council to keep the Council of Economic Advisers posted on the needs of purchasers of goods and services. He also ordered the head of each applicable federal agency to pick an assistant to keep him advised on consumer interests.

He also directed the postmaster general to set up a pilot project by displaying in some 100 post offices, samples of publications useful to consumers.

"The housewife is called upon to be an amateur electrician, mechanic, chemist, toxicologist, dietitian and mathematician," Kennedy said, "but she is rarely furnished the information she needs to perform these tasks proficiently."

Kennedy said the cost of his consumer proposals would be "modest." Officials estimated the cost would run about \$10 million for the added staff and programs.

Strongly stressed in the message was a proposal to require that new drugs and therapeutic devices, such as back braces and trusses, be effective as well as safe before they are put on the market. Kennedy also called for testing of lipstick, rouge, mascara and other cosmetics for safety before they are sold.

Irishman JFK Joins the Party
WASHINGTON (UPI) — President Kennedy, an Irishman, made an unscheduled appearance Wednesday night at a traditional St. Patrick's Day party.

The President arrived at the National Press Club's ballroom unannounced and virtually unexpected. He slipped into the ballroom by a rear entrance and watched the revelry on the floor. He seemed to enjoy himself and even sipped some beer during a 15-minute visit.

The party is an annual affair sponsored by Rep. Mike Kirwan, D-Ohio.

Fillers' in Army from Reservists
WASHINGTON (UPI) — Approximately 100,000 Army Reservists will be designated as "fillers" to be called to active duty if high-priority Reserve and National Guard units are mobilized, defense officials said today.

An additional 400,000 Reservists and National Guardsmen will be in the high priority units, making a total of a half million men available for call-up on 6 to 12 weeks' notice in case of another cold war mobilization.

Avoid Future Complaints
The new mobilization plans are being drafted at the Pentagon to avoid future complaints such as those that came from 39,000 Reservists who were called up without having previously been assigned to units.

Defense officials said the designated fillers will not drill with the units to which they are assigned, but they will be either strongly encouraged or required to attend one or more two-week summer training camp sessions with their units.

To make the joint summer training possible, the fillers ordinarily will be in the same section of the country as the units to which they are assigned.

The plan is to place six divisions, probably all from the National Guard, in the No. 1 priority category. These and their supporting units will be available on six weeks' notice. Two more divisions will be in priority No. 2, available in 12 weeks.

Will Be Unpaid
The fillers will be selected from the Army's pool of 748,000 ready Reservists. They will be unpaid except for summer training, but they will be in no doubt about their liability of callup if their units are mobilized, officials said.

Contract Awarding on New School Scheduled

A contract for construction of the proposed Section 2 elementary school is expected to be awarded by the Palm Springs Unified School District Board in an adjourned meeting at 7:30 p.m. today in the district administrative offices.

The bids for the job — estimated by John Porter Clark, architect, at \$589,600 including land — will

be opened at 7:30 p.m., after 7 p.m. acceptance of the sealed bids. The board is expected to authorize acquisition of a Section 12 site by eminent domain.

Final agenda item will be consideration of a proposed agreement with the city of Palm Springs for acquisition of a park site adjacent to the Section two school. The meeting site is at 538 N. Palm Canyon Drive.

VOLUNTEER FIREMEN'S ball upcoming Saturday in the Riviera Hotel got a mobile reminder when Richard Hedglin, Thousand Palms volunteer official, put the word on the big night with Les Brown on his truck. Coachella Valley Volunteer Firemen's Association sponsor the second annual affair. Proceeds go for equipment purchase.

Consumer Message In Glance

WASHINGTON (UPI) — President Kennedy's consumer message at a glance.

The Needs

To protect consumers against unfair, and fraudulent products and advertising as well as giving buyers a voice in the formulation of government policy.

Fulfilling the Needs Through Existing Law

By such means as increasing the staff of the Food and Drug Administration; creating a consumers advisory council; designating a special assistant in charge of consumer matters to each applicable agency head and distributing publications useful to consumers in 100 selected post offices as a pilot program.

Fulfilling the Needs Through New Legislation

Such as granting the Food and Drug Administration authority to rule on the effectiveness as well as the safety of drugs; establishing an enforceable system of preventing illicit distribution of habit-forming sedatives and stimulants and requiring cosmetics to be tested and proved safe before they are marketed.

Sen. John Ruggles of Maine, who led the fight in 1936 for Congressional action setting up the U.S. Patent Office, received its first patent. His invention was designed to add traction to railway-locomotive wheels.

Report on Park Site Seen Today

The Palm Springs Park and Recreation Board was slated to hear a report on the city-school district agreement for acquisition of a park site adjacent to the Section 2 school during the 4:30 p.m. meeting today.

The board will consider a lease on a small city-owned house adjacent to fire station two as a headquarters for the Palm Springs Mounted Police, and Civil Defense emergency center. The structure is now used for storage.

John Hollinger was scheduled to report on the current riding trails within the city limits. The board is seeking a protected network of trails.

Arthur Holly Compton Of Nuclear Fame Dies

BERKELEY, Calif. (UPI) — Physicist Arthur Holly Compton, 69, Nobel prize winner and pivotal figure in the development of the atomic bomb, died early today.

His death was caused by a cerebral hemorrhage complicated by pneumonia at Alta Bates Community Hospital.

Dr. William G. Donald Jr. said that "Compton's heart just stopped beating. It was as quiet as that."

Compton's wife and two sons were in Berkeley, but were not at the bedside when he died at 5:10 a.m. PST.

Dr. Compton had been admitted to the hospital March 1 and lost consciousness two days later. The pneumonia struck March 10.

The tall, bushy-browed scientist won the Nobel Prize for Physics in 1927 for his investigation of X-rays and their interaction with matter.

He became best known, how-

ever, for his work as both administrator and scientist in the development of the atomic bomb. In the early days of World War II, when creation of the bomb was still only a possibility, Compton served on government committees that set up the facilities for nuclear development.

Then he was appointed director of the "Metallurgy Laboratory"—a misleading name to hide its real purpose—at the University of Chicago.

His two major jobs were development of an atomic chain reaction and the finding of a material—which turned out to be plutonium—that could be produced feasibly as an atomic explosive.

Phone Company Yard Hit for Rolls of Wire

Palm Springs police are looking today for a slim, strong burglar who apparently worked his way through a faulty service gate in a California Water and Telephone Co. storage yard here.

The culprit or culprits made off with approximately 1,000 pounds of insulated wire rolls, plus small hand tools totaling \$230 value.

Investigating officers said that a faulty gate could have been pried apart enough for a slender adult to enter the yard. Weight of the material might have required two persons, officers theorized.

Phil Naggi called police Wednesday from the company office at 4575 Camino Parocela to report the theft.

Indian Land Sale Today

Bids for the sale of 412 acres of Indian land, most of it within the city limits of Palm Springs were scheduled to be opened at 1 p.m. today at the Bureau of Indian Affairs office here. The estimated value of the land to be sold is \$1.25 million.

It will be the second largest sale of such and since the allotment of acreage to individual members of the Agua Caliente Tribe of Mission Indians. Last year land worth \$2.5 million was up for sale but many of the bids were rejected because they were below the bureau's assessment figures.

The land will be sold in 14 parcels.

Owners of the 332 acres within the city limits are the heirs of Sylvia Julia Patencio, Joseph Pat-

rick Patencio, Clarice Bow, La-verne Saubel, John Damon Andreas, Leonard Charles Bow, Lois Marie Pete and Beverly Patencio Diaz.

Owners of the parcels outside of the city limits are Gloria Gillette, Lorene McGlamary, Michael Dean Chronicle and Jean Marie Chormicle.

A REALTOR'S NOTES

by isabelle cameron

WALTER WINCHELL made a "pen-practice" of giving an "Orchid" to those . . . who in his opinion had excelled . . . or accomplished . . . in a given field . . . something of unusual proportions! Such an "orchid" has certainly been earned by the Schuman brothers . . . Their recently announced "ONE HUNDRED AND FIFTY MILLION \$\$\$" development . . . in the RANCHO MIRAGE, THUNDERBIRD AREA . . . IS FANTASTIC! It's only about six years ago that Irwin Schuman toured with me around this area . . . Well do I remember his prophesy and, I quote . . . "Some-day, Isabelle, I will do something in this area. It is the tomorrow of the desert!" (unquote) . . . Irwin's prophesy was indeed not an idle one . . . His dream is no longer a dream . . . His faith in the "tomorrow" is a FACT of our TODAY. . . .

IN THIS RANCHO MIRAGE, THUNDERBIRD AREA . . . and quite close to the Schuman brothers development we are authorized to present . . . A very fine property . . . located on Country Club Drive . . . The investment is \$165,000.00 with excellent terms . . . Full particulars to serious buyers! IN THE SAME GENERAL LOCATION . . . for the investor interested in a small parcel . . . Five acres are available at \$27,500.00 . . .

THERE IS A FASCINATION to land . . . A certain intrinsic glamour . . . Whether it be developed in the "fruits of the earth" such as citrus, dates, grapes or cotton . . . or whether it is just plain SAND . . . Pick up some of the SAND let it fall gently through your fingers . . . You will see "specks of tiny gold flakes" . . . and if you love the earth, as we do, you will realize it is truly "GOLD" . . . One must, of course, be practical. Select your "gold" in the directional growth. Who is better qualified to have the "feel" of that directional growth than DON CAMERON, the writer, and our Associated ?????

WITHIN WALKING DISTANCE OF THE POST OFFICE in Rancho Mirage on a Commercial zoned lot . . . Three units . . . The three units cover just one half of the lot. There is approximately 100' of frontage and it's one of those parcels wherein the land will become very important . . . The full selling price is \$24,500.00. True it is not a new building all gussied-up with fancy built-in but it is an older building with "built-in" charm, of Mexican farmhouse architecture. Nice return on the investment and a real "potential" . . .

ALONG WITH THE SCHUMANS the Cliff Hendersons, & Hank Gopertys are those who made the suburbs of PALM SPRINGS . . . the GOLF CAPITAL OF THE WORLD . . . Synonymous with the "birth of golf" are the names "JOHN DAWSON" and "FRANK BOGART" . . . These two brave and far-sighted chaps started the ball rolling . . . We all know the story . . . Thunderbird Country Club! Johnny, Frank and a group of friends converted the old "Red Roof Ranch" and Thunderbird Ranch into our very first Country Club, with an 18 hole golf course, now surrounded by Estate type homes. This was a FIRST and today there are many many more. GOLF has proven to be a MAGNET and the hereinafter mentioned have the satisfaction of knowing they "brainchild" the whole wonderful development of the FIRST country club . . . FAIRWAY HOMES offer a "way of life" to the golf-minded or those who just enjoy gracious living . . .

ON THE FAIRWAYS of Indian Wells Country Club a delightful contemporary home is available for purchase. Three bedrooms and two baths, a built-in general electric kitchen, five tons of refrigeration air-conditioning. The living-room with corner fireplace and sliding glass doors opens to the pool and deck area which is exceptionally spacious. The view cannot be surpassed. Carpeting and drapes are included and the purchase price is really quite interesting. In an area where most of the homes range from \$45,000.00 and up this home is \$39,950.00 May we suggest you see it . . . You will be impressed by the value . . .

Story Hour

A TRIP INTO SPACE
by Scott Wilson (8)
Agua Caliente

If I went up in Space I would be happy. The capsule would go around the world. John Glenn did see the little, little world. By the time John H. Glenn blasted off it was 9:45. He went from Cape Canaveral across the world. The count down was 388 22-T 17-15-10-6-4-2-1 blast off, and that was the sight.

Reporter of the Week

Carmx Schoenhoff (8)
30-690 San Diego P.S.
Arnold, Eddie, and Jerry stand like soldiers in line. Arnold, Edie, and Jerry sit up very nicely. They try to remember to be nice and polite. They talk very courteously. They try hard to listen in school. They always answer politely and sit at attention. They also make nice book reports.

Tomorrow's Citizens

by Sandra Ramsey (8)
30-369 San Luis Rey P.S.
Hi, my name is Sandra. I go to Agua Caliente School. I was born on March the 5th in New Mexico. I have four brothers and I do not have any sisters. I do have a father and mother, though. My teacher is Mrs. Myers. She is very nice. My hobbies are Blue Birds, Camp Fire and dancing. My favorite movie is Fury. My favorite food is bananas. I have a crooked toe. In May or June we are going to put on a play. It is the Shoemaker and the Elves. We make reports and models. We have 35 boys and girls in our room.

All About Linda

by Dona Dennis (8)
31-029 San Gabriel Circle, P. S.
Linda is a fairy — not really, of course. She is one of the fairy

godmothers in the story "Sleeping Beauty". She is the best fairy. These fairies don't have names. I think Linda is a fairy because she is always smiling. Linda has bangs. Her hair is yellow. She has freckles. She is slim. She loves to dance as fairies do. She is lots of fun. Her name is Linda Horack.

Poet Corner

ME
by Mark Anguiano (10)
654 Canyon Dr., P. S.
I am very curious about everything. One time I got so curious that I got a big bee sting. I like to play outside when there is a little breeze. And not in a big old hurricane that would make me sneeze. I am glad that I am me and no one else, just me.

Double Taxes Avoided By Reporting a Move

RIVERSIDE — Riverside county residents who have moved during the past year are asked to notify Eric L. Waite of their new address, unless already contracted by a deputy assessor.

PD Chamber Sets Mailing

PALM DESERT — First big mailing of the year will go out of the Chamber of Commerce offices here this week, according to Manager Don McNeilly.
Included in the big mailing, which goes to 1600 addresses, will be the latest bulletin of the chamber as well as the new Directory which is published by the group several times a year.
It will be the first appeal of the year for home owners participation in chamber membership, McNeilly said.

Square Dancing Sessions Set

The Desert Sidewinders of Coachella Valley have extended invitations to all square dancers to join them for their big wind-up dance on Saturday evening in the high school gym at Indio, at 8 p.m. The callers for the evening will be Osa Mathews, Bob Ferraud, Bob Ruff and Brownie Brown.
The Circle - O - Squares sponsored by the Palm Springs recreation Department also invited all square dancers to join them the following afternoon Sunday, at the Pavilion, Ramon Road and Sunrise Way, at 2 p.m. The callers will be Bob Van Antwerp, Earl Johnson with Osa Mathews M. C.

Pauma Valley Land

Only a very limited amount of useable land exists in this beauty spot. Most of the suitable slopes are already planted to orange and avocado groves, while a large part of the valley floor is occupied by the new Pauma Inn and Golf Course development.

We now have a beautiful 272 acre ranch in the heart of the valley near the golfcourse, which is offered as one parcel with very attractive terms. The sale of a 40-acre portion with or without the lovely 2148 ft. residence would be considered.

Owner interested in an exchange for choice La Quinta acreage.

home. Pictured with them is Charlie Farrell, right. Skoglunds are part of a desert colony of Minneapolitans, who increase in numbers yearly. (Anderson Photo)

Ramon Trailer Park Residents Busy in March

March has been and will be a busy month for residents of Ramon Trailer Park, according to Mr. and Mrs. Everett Van Fleet, managers.

The winning of the mobile home Elks attendance prize was celebrated, when 50 Ramon Elks and their wives met at the Elks Lodge and enjoyed a chicken dinner. Frank Cullen acted as emcee, and Tom Jensen entertained.

The Ramon Shuffle Board Club was host to the Hemet Club, with the Hemet Club winning eight out of 12 games. On March 28, the 5th District Shuffleboard Tournament will begin, with Ramon Park as host.

Mrs. Eunice Clauss, president of the Ramon Park Woman's Club, and her committee are busy compiling a cook book, composed of the club women's favorite recipes.

At the park, square dancing will be held tonight, with George Work of Whittier as caller, on March 30, with Tom Dunigan as caller.

Frank Da Silva Gives Concert Tomorrow Night

Frank Da Silva, who taught piano in the Palm Springs area in 1958-59 and is the son of local swimming instructor Hazel Silva, will present a concert in the Parlor Room of Palm Springs Community Church, at 8:30 p.m. Friday.

Included in De Silva's presentation will be a large group of Baroque music, featuring Bach and Handel, and two Beethoven Sonatas, including Opus 10 Number 2.

The 28-year-old pianist was born and raised in the Hawaiian Islands attended the College of the Pacific and is a graduate of the Sherwood School of Music in Chicago.

Da Silva's last concert was held in Mazatlan, and following Friday's appearance he will return to Mexico to continue teaching and studying. He is now formulating plans to tour under Kennedy's cultural programs.

All music lovers are invited to the program. Donations will be accepted at the door.

A new auto "butler" comes in assorted colors and plaids. The collapsible, swing-away receptacle is commodious enough to hold litter from a short trip, making hazardous stops for disposal unnecessary.

Social and Club Calendar

(Clubs and organizations are invited to call in calendar dates.)

March 15
High School PTA, library, 7:30 p.m.

Tea Planned For Auxiliary Of Hospital

Plans for a membership tea to be held at Thunderbird Country Club on April 2, were presented by Mrs. Jack Kenaston, when the Women's Auxiliary of Desert Hospital held its monthly meeting at the Nurses' Residence. The tea will feature a musical program by the cast of the high school production "The King and I."

Mrs. Herbert Burns, auxiliary president, conducted the meeting which was addressed by Gwen Baker, president of the Grossmont Hospital Women's Auxiliary of San Diego. Mrs. Baker outlined their work program which includes Pink Ladies, who do volunteer work such as letter writing, flower arranging and the maintenance of a nursery to take care of visitor's children. She was introduced by Mrs. Ben Read.

The nominating committee was named as follows: Mmes. Sherman Hull, John Vale and George Wheeler. Election will be held in May.

Heads of committees reported, with Mrs. Walter Sibbert, chairman for the Marusia fashion show luncheon, reporting that it netted about \$2,000. Mrs. Asher Levy reported on the highly successful Tribute Fund and Mrs. Roger Williams on the special services offered by in-workers at the hospital. The Civil Defense Committee is conducting a survey to locate nurses and other trained workers who might be needed in time of disaster. Mrs. Arthur Greenfield reported. Mrs. D. D. Slatin said that 43 pints of blood were given at the last Blood Bank and that Mrs. Raye Gholston assisted in giving 200 polio shots last month.

Mrs. Allan James announced a new life member, Mrs. Lewis Taubman, and four new regular members, Mmes. J. L. Havenor, Olive Goin, Joseph Lesser and Joel Stone.

Climaxing the meeting was the tea hour, when the refreshment table was bright with the new silver service that was a gift from Mrs. Paul Summers.

IN THE LA VERNE WAY home of her daughter and son-in-law, the Ray Blumenthals, Mrs. Ann Cohen became the bride of Louis Samuels, with Rabbi Joseph Hurwitz presiding. The bride wore a gown of navy blue lace and Edith Blumenthal and Jack Burman were attendants. The newlyweds are honeymooning on an around-the-world cruise.

N.A.R.C.E. to Hold Meeting

T. W. Madouros, of Bank of America, will be guest speaker, when the National Association of Retired Civil Employees meets in the community room of Santa Fe Federal, on March 22 at noon. Active and retired federal civil employees are invited to attend, announced Bertha Hilbert, secretary.

When mending towels or sewing on terry cloth, slip a sheet of newspaper under the material. This will help it glide more smoothly and keep the machine from being clogged with lint and fuzz.

Smoke Tree Colonists and Guests Exhibit Art Work

Judging from the quality of their work, which was exhibited in the Smoke Tree Ranch Arts and Crafts Show, some of the amateurs (Ranch Club colonists and guests) could have been professionals. Oil paintings ranging from the conventional to the impressionistic and abstract were displayed by: Geeg Wilson, Jane Gilmore, Wendell Kinney, Roz deLaitre, Clara Stimson, Laurie Cummins and Bertha Turner.

Jack Luccareni, Isabel Wales

and Jim Nussbaum displayed water colors, and Lee Bailey showed work in pastel and chalk. Sculpture was entered by Van Heath and Betty Garstin, and mosaics by Esta Siemsen, John Hirsh and Rica Moore.

An exhibit of hand wrought and crafted silver was presented by Donald Gilmore, and Fred Markham showed cut cabachon gems, set in hammered silver.

Photographic studies were the work of Denny Grant and Jacques Crommelin, who also displayed model ships and machines with Mike King.

Showing work in the crafts line were: Pearl Helms, Ruth McGibeny, Rica Moore and Elva Germaine, who offered knitted and/or decorated sweaters; Peg Purdy, a ribbon knit dress; Sylvia Kinney, rugs; and Mary Grant, who showed her skill with china and fibre glass.

ON MARCH 17

Spread the Green

Plan a March party — for St. Patrick's Day — and delight your guests with home-made Mint-Pineapple Jelly. So easy to make . . . and so good to eat! To make the sandwiches, cut bread with a "shamrock" cutter . . . then spread with delicious mint-pineapple jelly, whipped cream cheese or a little of each. Jars of this jelly will make wonderful little gifts for friends when you go calling, too!

Mint-Pineapple Jelly
3 cups (1½ lbs.) granulated sugar
2¼ cups (18 oz. can) unsweetened pineapple juice
¾ cup water
1 box Sure-Jell fruit pectin

(1½ oz.)
Green food coloring
¼ to ¼½ teaspoons spearmint extract
Measure sugar and set aside. Mix pineapple juice and water in a large saucepan. Add powdered fruit pectin to juice and mix well. Place over high heat and, while mixture is coming to a boil, add green coloring to give desired shade. Stir until mixture comes to a hard boil. At once stir in sugar. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and add flavoring. Skim off foam with metal spoon and pour quickly into glasses. Cover jelly at once with ½ inch hot paraffin. Makes about 6 medium glasses.

HERE FROM SALT LAKE is Miss Jane Castleton, who is visiting her aunt Mrs. Ardella B. Tibby at the Desert Air Hotel, while her father Dr. Kenneth B. Castleton, attended a surgeon's convention in Los Angeles. Mrs. Tibby, the wife of a nationally known educator, is spending the winter season at the Desert Air Hotel. (W. Lee Wenzlick Photo)

Friday, March 16, 1962

General Tendencies: A day when you have lots of compliments or praise, when you want to spend considerable time to put special plans into motion, or to have the pleasures that appeal to you the most—all of which would be most unwise. Instead, make a point to charm all with whom you come in contact and see if you can't economize.

ARIES (Birthdays from March 21 to April 19)—You are struggling inwardly between getting off to a good time or settling down to work on whatever is important at this time. Confer with higher-ups and you soon see that material matters must necessarily come first. Be wise.

TAURUS (Birthdays from April 20 to May 20)—A close tie and an associate may argue quite seriously today, so it behooves you to be very diplomatic or you can get into a peck of trouble when there should be harmony all around. Remain neutral and all will soon blow over.

GEMINI (Birthdays from May 21 to June 21)—Particular care must be taken while out driving today if you are to accomplish all that you have set out to do, since you are quite tense and there could be an element of danger. Be poised. Enjoy pals in the evening. Be gay.

MOON CHILDREN (Birthdays from June 22 to July 21)—Be sure not to give in to temptations of friends who want to get you out for a good time instead of concentrating on important financial and material affairs on hand. Learn to strengthen will power and greater success is yours.

LEO (Birthdays from July 22 to Aug. 21)—You are highly dynamic today and want to express your creative abilities, but a close tie may be vexed if you don't first show devotion and handle some task that is important to him, or her. Be dutiful, then carry through as planned.

VIRGO (Birthdays from Aug. 22 to Sept. 22)—Don't permit some private frustration to keep you from getting out into the world of activity and handling important business affairs wisely. Be sure you think clearly at home in P. M., though you are tired, weary.

LIBRA (Birthdays from Sept. 23 to Oct. 22)—Although you are under pressure from work and important duties, take time to show devotion to kin and good friends. Labor diligently first, then off to visit those in trouble.

SCORPIO (Birthdays from Oct. 23 to Nov. 21)—While you may feel that higher-ups are not treating you with due respect to your capabilities, it may be that you are not as earnest as you could be, and this is the time to impress them favorably instead of getting irked.

SAGITTARIUS (Birthdays from Nov. 22 to Dec. 21)—If you get out to new places and things, this will offset that feeling of restlessness and produce excellent results. Read your paper thoroughly for good ideas first, then plan the day wisely—full speed ahead! Be astute.

CAPRICORN (Birthdays from Dec. 22 to Jan. 20)—If you get your bills paid and handle all material matters in a meticulous and scrupulous fashion, you find that higher-ups will then give you the support you desire and help you to get ahead faster. Don't whine—be strong.

AQUARIUS (Birthdays from Jan. 21 to Feb. 19)—Be busy at work on own job instead of getting involved with an associate who feels he, or she, knows it all or with a higher-up who wants to exercise authority if irked. Then all works out happily for you and you profit much.

PISCES (Birthdays from Feb. 20 to Mar. 20)—Look about you and decide just where to make improvements in your surroundings so that you increase comfort as well as value. Get suggestions from new friends, too. Then the evening is fine for social or recreational activities.

IF YOUR CHILD IS BORN TODAY
It is important that you give him, or her, encouragement in order to bring out all the latent abilities in this chart, especially for work that will pace your progeny in the limelight of the entertainment world. Also, it is best to break early that habit of being overly secretive, since this could be quite a drawback when least expected. As parents, be patient, kind.

"The Stars impel, they do not compel." What you make of your life is largely up to "you!"

Carroll Righter's individual Forecast for your sign for April is now ready. For your copy send your birthdate and 50 cents to Carroll Righter Forecast, The Desert Sun, Box 1921, Hollywood 28, California.

REVIEW

Segovia
Artistry
Is Rare

By MRS. MIMI RUDOLPH

Andres Segovia has been the artist most requested by local Community Concert Members during the past several years. For his appearance here, his enthusiastic admirers packed to capacity the high school auditorium — with a number of out of town reciprocity members turned away — even with the orchestra pit full of extra seats, there were just not enough seats available.

It is true that the guitar's appeal is limited, but under Segovia's artistry, it attains status which is a tribute to artistic genius of a rare kind. As a solo instrument, the guitar is somewhat unique as it demands a continuing concentration on the part of the listener. From the very first number, Segovia established a rapport with his audience, that only a supreme artist can accomplish.

In a chronologically arranged program, the music spanned the four centuries that the guitar has been a part of the western musical world. Beginning with a delightful Fantasia by Louis Milan, author of the first printed book of guitar music in Spain in 1535, it continued with pieces by such early composers as S. L. Weiss and Sor.

Segovia's Bach is justly renowned. His transcription of Bach's Bourree, a lively French dance, captured the warmth and charm of both the classical Bach, and the guitar at their very best. No matter what Segovia plays, he imbues music with an agile grace and total dedication to his art which spellbinds his audiences.

Graphic Art
Exhibit at
D. Museum

Original graphic art from Brazil will be shown for the first time tonight at Palm Springs Desert Museum in an exhibit which will continue through April 15, Dr. C. E. Smith, Museum director said today.

Shown will be woodcuts, etchings and lithographs, the work of older and established Brazilian artists and the work of newcomers in the field.

Circulated throughout the nation by the Smithsonian Institute Traveling Exhibition Service, the showing here is sponsored by the Brazilian delegation to the Organization of American States.

The exhibit will be formally opened today at a reception for members only at 9 p.m. following the annual meeting of the Desert Museum at their new building on Tahquitz Drive at 8 p.m.

B-Bar-H
Grand Opening
Saturday Night

DESERT HOT SPRINGS — The Saturday grand opening of the renovated B-Bar-H Guest Ranch near here will feature the west coast debut of the Irish Twist, Louis Ray, president of Key Industries Inc., announced.

Ken Draper's orchestra will play for dancing and entertainment beginning at 7 p.m. Vocalist Helen Cruse will be featured song stylist.

The 19-unit ranch, now open to the public, will eventually become a private club, Ray said. The ranch offers swimming and horseback riding in its recreational program.

RR RR RR
HOMES \$5,995

Brand new 2 bedroom, 1027 sq. ft. air cooled complete home. No costly lot to buy. Pay only 4% on the price of a lot . . . 99 year leases. 15 minutes out. Windfree area. Unique group of conservative people. Only one of its kind in the valley. City utilities, country living. Half sold out. Investigate how to save half the house cost. Drive out Ramon Road direct to Hidden Springs Ranch, Thousand Palms, California.

SIGNING AUTOGRAPHS after the concert Tuesday night was famed classical guitarist Andres Segovia. A long line of fans waited in line in front of his dressing room as he patiently acquiesced to each request. Standing behind him is his assistant Vincent Terri and Brazilian guitarist Olga Coelho, both of whom are taking lessons from the maestro. (Desert Sun Photo)

500 OF THEM

Scouts Are at Work

A total of nearly 500 Boy Scouts, sold three tickets through her, is a display of scout work, the boys — ranging in age from eight year-old Cubs to young adult Explorer and Eagle Scouts — construct all displays, plan the program, and work out all the arrangements for the mass outdoor show.

The Scout-O-Rama, the single scouting fund-raising project and major public display of scouting work in this area, will be held on the Katherine Finch school grounds in a day-long event.

To make sure that Scout-O-Rama

New Deal
On Solons
Study Seen

SACRAMENTO, Calif. (UPI)—The state Senate is considering setting up a new Reapportionment Commission to study possible redistricting of both the Assembly and the Senate.

The idea came out of a closed-door caucus Wednesday after a debate punctuated by colorful descriptions of a Senate reapportionment plan expected to go into the legislature next week.

The Senate redistricting plan, proposed by a governor's study commission, will be introduced by Assembly Speaker Jesse M. Unruh, D—Los Angeles, when he returns after a bout with the flu.

This plan would expand the Senate from 40 to 43 members, giving Los Angeles County three additional senators besides the one it now has.

Sen. Hugh M. Burns, D—Fresno, president pro tem of the Senate, said following the caucus that a vote on the proposed reapportionment had been "forestalled," but "one or two of the senators expressed themselves very 'vehemently' against the plan."

Awaits Assembly Views

He said the caucus had decided "to see what the Assembly sends over," referring to Unruh's proposed bill, "and then maybe we'll hold another meeting on it."

Burns said it was his impression that "nobody likes" the reapportionment plan, including Los Angeles County Supervisor Frank G. Bonelli, who proposed a more elaborate reapportionment plan in the 1960 election.

Burns said Sen. Joseph A. Ratigan, D—Santa Rosa, a member of the commission which proposed the reapportionment plan, told the caucus that "if we don't take this, we'll get something worse."

He referred to the possibility of a new reapportionment initiative going on the November ballot this year on the petition of the people of Los Angeles.

An Opportunity to Enjoy the Best

The fine concert this week by the artist, Andres Segovia, closed the 1961-62 season of the Community Concert Association. The 1962-63 season which will bring four great concerts to Palm Springs will have its preliminary session at a Kick-Off Breakfast Saturday and for one week and one week only, applications for memberships in the Association will be taken.

This one-week period is not to be confused with a sales campaign. That is not necessary owing to the high caliber of the programs presented.

This one-week annual opening of the membership books of the Community Concert Association is to offer you an opportunity, if you act quick enough to join the Association and the privilege of attending the fine concerts.

Under the membership plan, each individual pays the annual dues which entitle him to attend all of the concerts scheduled by the Association. The memberships are limited to the capacity of the auditorium in which they are presented.

This plan removes all risk of a deficit and at the same time, guarantees a full house for each of the great events. In the past, the concerts have been highly successful and a sell-out.

At the close of the one-week period when memberships may be purchased, the books are closed. No more memberships are available for another year. No tickets to individual performances are sold. Admission is by membership card only.

In this manner the Community Concert

Association offers a non-profit, non-loss plan. The money collected as membership dues is spent in its entirety on the attractions for the coming season and the expenses involved in their presentation. Thus the reasonable membership provides the budget for the coming season and enables the Association to arrange its programs in a manner to bring the best artists to Palm Springs.

This arrangement also insures capacity-houses for each of the artists who will appear here.

Under the block booking plan of Community Concert Associations, the leading artists in their fields are brought to the city at a lesser cost than if engaged individually. The added benefit is that great concerts are made available here which otherwise might be impossible due to the cost.

When the books are opened Saturday, March 17, for the one-week applications, those who are now members will be given the opportunity for renewal. The space that is left after that, will be available to new members.

The price for the four concerts for the 1962-63 season is \$8 for adults and \$4 for students.

As the space for the attractions is limited to the seating capacity of the auditorium, it would certainly indicate that procrastination could result in denying you the great attractions scheduled.

Those interested in joining the Community Concert Association during the week starting Saturday, may gain additional information by dialing Mrs. Tom Mackenzie at 324-5439.

Prepare the Cyclone Cellar

The City Council acted wisely, we think, the other evening when it voted to deny a permit for a Festival of Stars, a concert of modern music which could well be another name for a jazz festival.

Music may have charms to soothe the savagery in man or beast, as the old saying goes, but it depends upon the music. Music has been known to do just the opposite.

Easter vacation week is not too far in the future and the city and its officials are bracing themselves for the annual onslaught of hundreds of teenagers from high schools and young people from colleges.

Organizations are mapping plans for entertainment which they hope will divert the youngsters and check any undue exuberance on their part.

One of these plans was for a festival of modern music for three days to be staged at the Rodeo Grounds. With only Councilwoman Mary Carlin dissenting, the Council denied the permit following a statement by

Police Chief A. G. Kettmann who said that sometimes the end results (of jazz festivals) are not as anticipated.

He has ample support for his statement in at least two wild riots last year after jazz concerts, one on the East Coast at Newport, Rhode Island, and the other down the Monterey Peninsula on the West Coast.

The proposed programs for the entertainment of the vacationing adolescents are fine and they will appeal to the majority of the visitors who are normal youngsters.

But these programs will be lost on the very element they are expected to curb, the segment of our visitors which does the damage and creates the disturbances.

They are "on the loose" after weeks of regimentation in the classroom and they are here to have fun—fun as they see it.

They will not be diverted by any set program. They want to invent their own.

A Jazz Festival might stimulate them so that Palm Springs would make the headlines as did Newport, R. I., and Monterey.

HOLMES ALEXANDER:

Policy Could Make America Over

WASHINGTON, D. C. — When the First Congress of the U. S. met in 1789, the adoption of a Bill of Rights was made the matter of first importance—but close behind it, and the second statute ever adopted under our Constitution, was the Tariff Act.

Although I may have to be alone in my opinions for a while longer I shall contend in this column that protection of American industries and jobs is still—today—next only in importance to the rights of Americans to be free from tyranny by any government, a foreign one or their own.

If it is a mark of obliquity to be called a "protectionist," I shall have to admit the impeachment. Next to foreign troops upon our sacred soil, the worst enemy would be manufactured foreign goods which closed our factories and lengthened our unemployment rolls.

Such a catastrophe could lead to a state of affairs in this country enjoyable only to those who (in the language of some of FDR's New Dealers) wish to "make America over."

Quite literally, America would be made over by the abolition or major dismantling of our tariff structure. The President plans to do this, and he is abetted by American industrialists who see quick gains for themselves. They ought to do better by the country which has made them wealthy, powerful and given them an opportunity not granted to many—that of providing a livelihood for millions of their fellow countrymen in peace time and of providing the Armed Services in war with the weapons to repel and overcome our foes.

President Kennedy says, when-

ever he's asked about it, that American workers in many industries are manufacturing goods for foreign markets and that Labor benefits greatly from our exports. Economists have said in the past, though not much lately, that the difference between frugal subsistence and floating prosperity in any country is the sale of goods abroad. But both these concepts have been rendered obsolete by a number of events and situations.

The destruction of industrial machinery in West Europe and Japan is an event which changed the economic map because West Europe and Japan were rebuilt with American money and know-how until their machines are now better than ours. The Cold War, in which the USA bears the principle free world burden and initiative, is a situation in which America "exports" billions of goods and services which we pay for ourselves. The classic discussions of import-export no longer make sense because we are not exporting for profit in many instances and because the manufacturing foreigners (temporarily) have better tools and make better products.

But the basic principles of national existence do not change from generation to generation. It is a principle of the Constitution that Congressional members who know their home town problems should rule in tariff matters. It is another fundamental of the Constitution that our Government exists to "secure the blessings of liberty to ourselves and to our posterity"—not to other peoples and their.

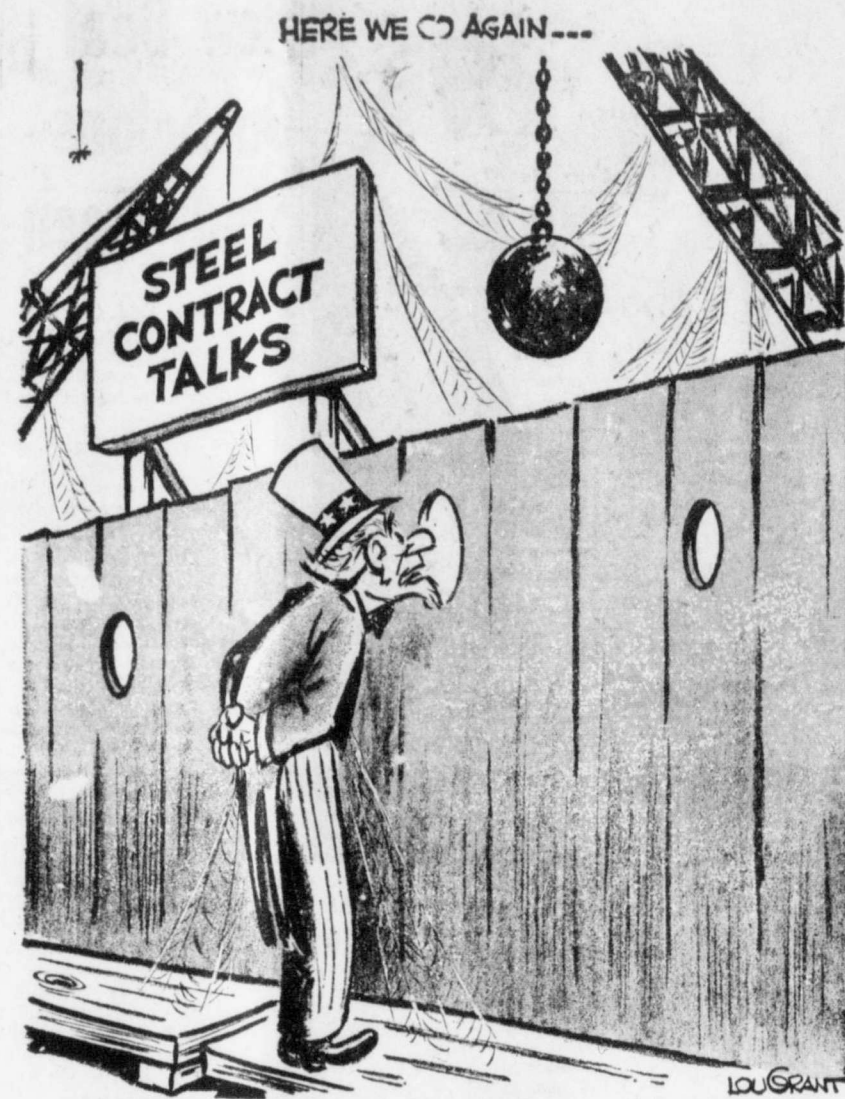

With the first passage of the 1934 Trade Agreements Act, known as "reciprocal" trading,

the Congress abdicated part of its duty by allowing the President to deal with commercial trade as if it were a treaty between two or more countries. Since then, successive acts of Congress have transferred more and more trading authority to the Executive, so that we are apt to buy foreign goods in order to obtain foreign "friendship" or to get some foreign country through a crisis. This is mixing business with politics in the worst way.

Every schoolboy ought to be taught that America became wealthy and powerful for one principle economic reason. We were, in our growing years, both our own producers and our own consumers. Henry Ford's famous idea of paying his workers so well that they could buy Fords is an object lesson. It will be said that we no longer have a developing frontier and that we are overproductive, and that these are arguments for lowering our trade barriers and for buying Common Market goods.

But, in fact, these arguments prove something else entirely. When Britain joins the Common Market, we should welcome the exclusion of the USA. For here is a heaven-sent opportunity to regain a frontier and to acquire multitudes of persons who can become both producers and consumers. Where? The answer is Latin America and the forsaken British Commonwealth countries of Canada, Australia, New Zealand and the West Indies. Who? The new customers in these places will not be satiated and degenerate Europeans, but will be the eager and willing peoples who have never received large consignments of modern American goods.

But this knitting seems to be habit-forming and soon we may have to form a KA.

THIS SIDE OF THE SUN Dear Abby...

R. F. "Phat" GRAETTINGER

Unconscious of the crowd
That all around her swirls,
She doesn't hear the cheers,
Just sits and knits and purls

Sunday's telecast of the Houston-Angels game at the Polo Grounds is the cause of the above.

DURING THE TUSSELE, one of the visiting athletes lofted a towering fly to right field. It was curving foul as Leon Wagner raced over and stuck out a gloved hand to trap the ball.

As the camera switched back, there was a flash of this unusual sight — a woman sitting on the grass near the foul line, clicking her knitting needles furiously, entirely oblivious to the spectacular play within a few feet.

I HOPE THAT "purl" is the right word. What I know about the technical terms of those who sit and knit would go on the head of a pin and leave enough room for a few choice excerpts from the Tropic of Cancer.

But that is neither here nor there, like people are always saving.

This is about knitting and knitters and I know that Knit starts with a K and isn't spelled gnit like a gnat.

JUST THE DAY before I had dallied daintily with the parimutels at Santa Anita and there, too, I witnessed the grip that knitting has on some women.

It was during the long feature race and people were jumping up and down, screaming appeals to their favorite hay-burner as if he could hear them, let alone understand.

They were standing on and falling off of chairs all around this woman. But she never looked up. Just went on clicking those needles and steadily adding length to whatever it was she was fabricating.

A gay party at the Racquet Club feted singer Gordon MacRae on his birthday anniversary.

Edie Bush was named Desert Circus Queen. Members of her court were Mary Smith, Pat Scriven, Beverly Cooper, Dorothy Knupp and Tommy Lipps.

Seven candidates were in the field for four council seats as the deadline for filing neared. They were Frank V. (Pop) Shannon, Harry Plymire, John Connell, Amy Croft, Eugene Theriault, Dr. Bacon Clifton and C. P. Adams.

March quotas for Palm Springs included seven tires and five tubes for passenger automobiles and seven tires and 12 tubes for trucks.

The Rev. B. B. Weatherall of Community Church announced that the Men's Glee Club of Occidental College will sing at the Easter Sunrise Services at the Cross on the mountains back of the Desert Inn.

ABIGAIL VAN BUREN

Dear Abby...

DEAR ABBY: How can I get my mother to "admit" that her dentures are no good and to "do" something about them? When she talks, she makes clicking sounds that cause people to giggle. When I ring her bell, I can see her through her large picture window running first to get her teeth, so I know she doesn't put them in her mouth unless she has to. Her dental bill was not cheap (I paid it) and I can't understand why she refuses to go back to her dentist and complain. Can you help me?—HER DAUGHTER

DEAR DAUGHTER: Any dentist would be happy to adjust dentures which he has made. Perhaps your mother is frightened or embarrassed. Call her dentist. He'll know what to do.

DEAR ABBY: I am a girl who "had to" get married. Not for the usual reason, but my story might be worth space in your column to keep other girls from making the same mistake. I "had to" get married because at 22 I graduated from college and, believe it or not, I wasn't trained for any special job. I couldn't see going home to live with my parents as a "child" again, but the main reason was that all my friends were married. So I married a nice, dull, average man who had

a crush on me since high school. He has no big glaring faults, but he is the world's worst bore. He is selfish and inconsiderate and some of his personal habits are revolting. He never argues. Just sulks. His big interest is sports. Two weeks after the wedding I knew it was a mistake. My religion doesn't permit divorce, so I am stuck. I hope no other girl "has to" get married for the foolish reasons I did.—STUCK

DEAR ABBY: Four months ago we adopted a beautiful baby girl. We never dreamed people would ask us the questions we have been asked about this baby. Such as, "Where did you get her?" "Do you know who her parents were?" "Was her mother unmarried?" How can people have such nerve to ask questions like that? Please tell us what to say.—NEEDING ADVICE

DEAR NEEDING: You are under no compulsion to answer every question you are asked, you know. Tell them that their questions are too personal, and change the subject.

Still worrying about the same old problem? Write to Abby for a personal reply. Enclose a stamped, self-addressed envelope.

Remember When Letters to The Editor

March 15, 1952

Shadow Mountain Club staged a special two-day showing of foreign cars in connection with the annual Palm Springs road races. Jerry Nathanson, District Two councilman, denied charges of excessive spending by the city attorney's office. The charges had been filed by the Civic League.

A gay party at the Racquet Club feted singer Gordon MacRae on his birthday anniversary.

DAVIS' BAT SMOKES

LA Dodgers Slap 7-4 Defeat on Minnesota

POMPANO BEACH, Fla. (UPI)—The Giants won't be the only team in the National League ready to give opponents the willies in 1962—if Willie Davis lives up to the sophomore promise he has displayed thus far for the Los Angeles Dodgers.

Davis socked a three-run triple and two singles Wednesday to boost the Dodgers regulars to a 7-4 triumph over Minnesota's Twins at Vero Beach. At the same time, the Dodger B squad drubbed the New York Mets at St. Petersburg, 9-3.

Los Angeles today was scheduled to meet the Washington Senators of the American League. With Bill Hunter starting as pitcher, the Dodgers will follow with Thad Tillotson and Phil Ortega. Joe McClain, Ray Riplemyer and Jim Hannan go for the Solons.

After Davis' performance on Wednesday—the second day in a row in which he had three hits—Davis boosted his average to .588. His triple in the sixth inning with the bases loaded broke a tie and gave the Dodgers a 6-3 lead.

Davis, only three years out of Los Angeles' Roosevelt High school, says he's waiting a little longer to swing this season.

Another Davis—Tommy—Also looked good. He hit a home run, his second in as many days, in the seventh inning.

Larry Burright, the rookie getting a good look at second base, and pitcher Johnny Podres were among others contributing to the victory over Minnesota. Burright looked solid afield and batted three hits, one a double.

Podres, a little wild in his first start, pitched three scoreless innings and gave up one hit.

Keglers Korner

Jerry Shidler rolled high game of 213 and B. Di Grandi had his series of 598 in the Wednesday Night Scratch league at the PS Bowl.

In the C.W.T. league, Helen Robinson topped the lady kegler's with a hi-game of 212 and Audrey Barrett hit a 438 series. Merle Schoenoff's 213 was high for the men and Tom Pollock was tops with a 570 series.

Bowling in the Industrial league, Chuck Foster collected 213 pins and R. Manthey finished with a 554 series. Fred's Texaco team rolled high team game and series of 998 and 2,772 respectively.

With a 498 series, Mel Ambler was high in the Franchise league as Bob Williams rolled a hi-game of 199.

John Strada finished with a hi-game of 197 in the Monday Service league as M. Logan rolled a 511 series. The Red Smith Roofing team took hi-game and hi-series honors with scores of 940 and 2,760.

High team series in the Guys and Dolls league was rolled by Hoams Pools as they collected a total of 2,410 pins and the Indio Paint and Rug team rolled a 2,258 series. Kay Lux had a 188 game and a 522 series for top honors and Pappy Hubbs was high for the men with a 201 game and 552 series.

At the PS Lanes, Jess Fallen bowling in the Desert Business Men's league took high game and series honors with scores of 241 and 601 respectively. High team series was rolled by Fred Hathaway Co. team with a 2,755 scratch and a 2,950 (hdcp).

Rose Langdon was high in the Unmatchables league with a game of 163. Marge Duennes rolled high series of 452 and Charlene Lotz bowled a 401 series.

In the Early Hodge Podge league, Bob Williams had a 489 series. Chuck Bergland a 189 game. Beverly Widstoppe rolled hi-series of 451 and Muriel Danforth had hi-game of 169.

High series in the Mouseburgers league was rolled by Grace Jablow as she collected 470 pins. Mort Ulman rolled a 210 game and had a 556 series.

Bowling in the Late Hodge Podge League, Jerry Shidler had a 574 series and Laddie Svoboda rolled a 212 game for the Desert Holiday team. Rowena Johnson on the Scotts Desert Wear team took hi-game honors with a total of 186 pins.

GUELICH FIRES A 69

Eldorado CC Golfer Grabs Seniors Lead

Rounding out the fourth day of play in the 27th Annual Palm Springs Invitational Golf Tournament at O'Donnell Golf Club with two-thirds of the field in the Class I Seniors division, touring the course Wednesday, R. H. Guelich, Jr., of Eldorado Country Club, posted a 69 to lead the pack.

The best ball foursome winners

during Wednesday's play was the team of Ralph Peterson, I. M. Laddon, Ralph Jones and Budd Reinhausa as they posted a low score of 52.

The remainder of the strong field completed their rounds today and starting Friday the Championship play will begin with an outstanding strong field of the best amateurs in the state competing for the Invitational crown.

The defending champion, George Archer, of Harding Park, San Francisco, will tee off Friday in

the first round of the 54-hole medal play championship play.

Gala Dinner

Tonight, on the eve of the start of the 54 hole championship play, a Gala Night Dinner is being staged at the Chi Chi for contestants participating in the 27th Annual Palm Springs Invitational Golf Tournament.

Dinner, plus entertainment will be enjoyed and the awarding of prizes in the Class A and Seniors will take place.

After Wednesday's play, the

leaders are as follows:

CLASS I

(55-59)

Guelich, Eldorado 69

Lance, Riviera 71

Carter, Thunderbird 71

Nelson, San Jose 73

Lowery, San Francisco 74

CLASS II

(60-64)

Heddon, Rancho Santa Fe 74

Arata, Eldorado 75

Mindel, Bermuda Dunes 75

Moon, San Gabriel 76

Mahannah, Virginia CC 76

CLASS III

(65-69)

Haymond O'Donnell 72

Dowd, Tacoma 72

Cave, Thunderbird 74

Lewis, Los Angeles 75

Jones, O'Donnell 76

CLASS IV

(70-74)

Robinson, Virginia CC 77

Hilt, Meadow 81

Selters, San Gabriel 83

Roberts, Wilshire 83

CLASS V

(75 and over)

Hoel, Red Hill 80

Killinger, O'Donnell 82

O'Keefe, Los Angeles 82

Braley, Thunderbird 84

Moss, O'Donnell 84

ST. PETERSBURG, Fla. (UPI)

—California attorney Robert Kel-

leher, a former intercollegiate

and U.S. Lawn Tennis Association

(USLTA) doubles champion, will

captain the United States' 1962

Davis Cup team.

Angels Waxed by Gang From Candlestick, 14-11

MESA, ARIZ. — The San Francisco Giants were real "Giants" Wednesday as they handed a parade of Los Angeles Angels their worst bombardment in five spring games to mow down the Palm Springs "hero's", 14-11, in a slugfest.

One gratifying aspect of the second straight defeat handed Bill Rigney's crew was the awesome display of power by Rookie catcher Bob Rodgers as he gave a five-for-five performance, including two homers off lefthander Dick LeMay of the Giants. Rodgers, who is a switchhitter, hit a double off right-hander Julio Navarro, who got credit for the win.

The Angels — opposing the Chi-

cago Cubs today at Mesa, Ariz.—had a streak of three victories going until the Boston Red Sox stopped them Monday at the Polo Grounds and then Wednesday when they crossed bats with Alvin Darks' Candlestick Park boys who shook them up with a 14-11 setback at Municipal Stadium.

In today's game, Skipper Rigney assigned three-inning pitching duties to Ted Bowsfield, George (Red) Witt and Tom Donohue against the boys from the windy city.

The Giants socked five Angel pitchers for 21 hits in Wednesday's marathon, but still had to score five times after two were out in the seventh to win. Tom Morgan, rated as the most dependable relief hurler on Rig's pitching staff in 1961, took his lumps in the seventh, being knocked from the rubber in the six-hit San Francisco outburst.

Ryne Duren, Eli Grba, Johnny James and Art Fowler also took

their turn on the mound in the Angel's second defeat of the early spring season.

Rodgers did provide definite sunshine for the Angel management, but the popular Angel Skipper and his expert crew of coaches were concerned with their pitching corps.

After today's go-around with the Cubs, the Angels head for Apache Junction for a two-game set with the Huston Colt 45s before returning to Palm Springs Sunday night.

Mrs. Gardner Wins Event at San Jacinto CC

The Women's Golf Association of the San Jacinto Country Club held their regular meeting and played a blind bogey golf tournament with Marguerite Gardner winning top honors.

Three women golfers of the newly organized association tied for runner-up laurels as Nancy Fox, Charlene Crossley and Margaret Grier finished in a deadlock with low scores.

The women meet every Tuesday at the San Jacinto Country Club and following the golf event this week a group golf lesson was conducted by Ron Nicol, pro at the San Jacinto CC.

PATRIOTS SIGN DABIERO

BOSTON (UPI) — Halfback Angelo Dabiero, 21-year-old former Notre Dame halfback from Donora, Pa., signed Wednesday with the Boston Patriots of the American Football League. Dabiero led Irish ball carriers with 637 yards and a 6.9 yard average in 1961.

Women's Club Tourney Won by Mrs. Lawrence

A Three Place 18 hole golf tournament was played by the Women's Club at the Palm Springs Golf Course with Dorothy Lawrence winning low net honors with a 74 score.

The low gross winner was Shirlee Cooper, who toured the course in 96 strokes. Alice Huff, Lillian Eaton and Elaine Hair tied for the least number of putts with 33 each for the 18 holes of play.

Junior Tennis Clinic Enters Redlands Meet

Charlie Jordan, recreation supervisor, announces that the Junior Tennis Clinic that is held every Saturday morning at the Palm Springs high school, will be going to Redlands, Saturday, March 17, for the Junior Tennis Clinic tournament.

Every Saturday for the last two months, 65 Junior Tennis players have been learning the fundamentals of tennis from Dave Gillam, Racquet Club pro.

Mrs. Levin Leads Field At Tamarisk

Mrs. Abe Levin holds low net honors with a score of 147 following the first and second rounds of play in the 54-hole President's Cup Golf Tournament being held by the Tamarisk Country Club ladies auxiliary.

Second low net score was posted by Mrs. Sol Kamin, as she carded a 153 total. One stroke off the pace with a low net of 154 is Mrs. Lil Corman and hot on her heels and one stroke back is Mrs. Oscar Brachman with a 155 total.

Three lady golfers are knotted for fifth low net with scores of 156. They are Mrs. Ernest Alschuler, Mrs. M. Glass and Mrs. Lou Golan.

Golfer Drops Wood Shot in Cup for Eagle

A local businessman, Ben Blank, a member of Tamarisk Country Club experienced quite a thrill Wednesday when playing the course, as he scored an eagle on the par four, 397-yard eighth hole.

After hitting his tee shot down the fairway, Blank hit a four wood on his second shot and watched the ball sail for and on the green. As he and his playing partners approached the green — Blank's ball could not be seen. When he jokingly suggested to one of the other members in the group to go look in the cup — he did — and that's where the ball was found.
